

We're excited to announce our next companywide YamJam session with four of our global leaders. The YamJam is an opportunity for everyone across Conduent to join in a conversation on our internal social network, Yammer, for a real-time, online discussion about building a unified, "One Conduent" culture. Use this link to join the Yammer group and jam with us:

#### Purpose of the YamJam

Each of us plays an important role in helping shape Conduent's culture. Building on our core values YamJam in May, we are taking the conversation a step further for insights and suggestions about how we can create a unified culture that's defined by an engaged, motivated workforce.

We want to hear your thoughts on the following questions:

- How can we inspire our 80,000-strong workforce, across nearly 30 countries and a diverse set of businesses, to feel connected to a "One Conduent" culture?
- What are some of the ways your managers drive collaboration and team building?
- How can we create a workplace where everyone feels motivated to deliver their best as we continue along our transformation journey?
- What are some successful strategies and best practices to create an even stronger sense of community across all our locations?

#### How you can get ready

- Make sure you have a profile on Yammer. Here's a simple guide to Yammer, including how to create a profile.
- Bring your ideas to the above questions.

We look forward to everyone's participation!
